Solicitation Access:

The anticipated date of IFB availability will be identified in the Pre-solicitation notice. The solicitation and all amendments will be posted on a secure Government website known as FedTeDS. Access to the solicitation documents on the FedTeDS website will be via a hyperlink that will be posted/inserted into the FedBizOpps (FBO) announcement once the solicitation has been issued. The hyper link will not appear as a website address, but will appear as a blue link titled, "*Technical Data Package (TDP) 01*"; once you click this link, the next web-page will contain another blue link titled, "*Available online via the FedTeDS (Federal Technical Data Solution) website*" (this link will take you directly to the FedTeDS log-in). Viewing/downloading documents from FedTeDS will require prior registration in both Central Contractor Registration (www.ccr.gov) and FedTeDS (www.fedteds.gov). To register with FedTeDS, first select "*Register with FedTeDS*" and then "*Begin Vendor/Contractor Registration Process*". Important Note: Solicitation documents can be accessed ONLY by using the hyperlink available on FedBizOpps; FedTeDS is not a searchable database..

Plan-holder's/Bidder's List:

The only Plan-holder's/Bidder's List currently available is via FedBizOpps. When viewing the Synopsis/Pre-solicitation, you will click on the "*Register as Interested Vendor*" on the right side at the bottom of the announcement to enter your information. This function does not, however, allow you to identify yourself as a Prime or Sub. It is recommended that you identify your category in parentheses at either the beginning or end of your company name. For example: (Prime/Sub) XYZ Construction, or XYZ Construction (Prim/Sub). The list of interested vendors can be viewed by clicking on "*View List of Interested Vendors*" that is located just below, and to the left of the "*Register as Interested Vendor*" button.
